

## The Premium Bluetooth Handsfree Companion for German Luxury Cars

ViseeO MOSTO is the perfectly designed optical Bluetooth Handsfree device for your prized Audi with MMI system.

Based on the highly advanced Multimedia Oriented System Transport (M.O.S.T) technology, MOSTO fits well into your car and integrate with the car computer, steering wheel buttons, radio keypads and the central control unit such as MMI.

Using the optical technology MOSTO provides high speed data transfer rates which enable unbelievable clarity in communication quality and also allows you to sync your phonebook faster. MOSTO also allows you to listen to your favorite songs you have stored in your phone and you do not need to bring a CD forever.

### Features:

1. Bluetooth 2.0, up to 10 meter reception range.
2. Full Bluetooth communication functions: Answer/Dial/Re-Dial/End Call/Reject Call/Call Hold/Call Waiting.
3. Multiple pairing up to 4 devices.
4. Compatible Bluetooth Profiles: HFP, HSP, Sync Profile, OPP, A2DP & AVRCP.
5. Automatic phonebook sync/upload, Manual phonebook upload (under OPP mode).
6. A-Z phonebook search function.
7. Caller ID.
8. High speed optical fiber technology for data transfer.
9. **Integration with car steering wheel buttons, radio keypads, and central control centre.**
10. Play digital music stored in the phone memory card wirelessly using A2DP and AVRCP technology.
11. Dip switch for different car software.
12. Excellent noise reduction and echo cancellation technology.
13. Multiple language supports.
14. Compatible with major phones available on the market, including: Nokia, Nokia N/E series, Sony Ericsson, iPhone, iPhone 3G/3GS, HTC, Blackberry and many more.
15. **Easy software & firmware upgrade via Bluetooth or USB.**

Build-in A2DP & AVRCP enable digi-music playing
